## What is Global Entry?

Global Entry is a U.S. Customs and Border Protection (CBP) program that allows expedited clearance for pre-approved, low-risk travelers upon arrival in the United States.

Though intended for frequent international travelers, there is no minimum number of trips necessary to qualify for the program. Participants may enter the United States by using automated kiosks located at many major airports or the mobile app. Program members may use their benefits in conjunction with personal and/or official travel.

## How Does the Global Entry Program Work?

At airports, program participants proceed to Global Entry kiosks and have a photo taken or you can use the Global Entry mobile app. After using the kiosk or app you will be directed to designated Global Entry lines to speak with an officer. On average, Global Entry members wait less than 10 minutes while using this program upon entering the United States.
