The Honorable Rosa DeLauro
Chair
House Committee on Appropriations
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

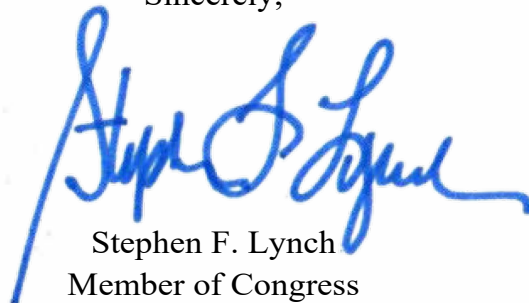

I am requesting funding for design and construction of the preferred sludge dryer Centrisys DLT520 and the design and construction of the preferred alternative process Bioforcetech P-3 pyrolysis unit in fiscal year 2023.

The entity to receive funding for this project is City of Brockton, located at 45 School Street, Brockton, MA 02301.

The funding would be used for the design and construct a biosolids sludge dryer to address the concerns and costs associated with transporting and disposing sewage sludge.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Stephen F. Lynch
Member of Congress
