The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

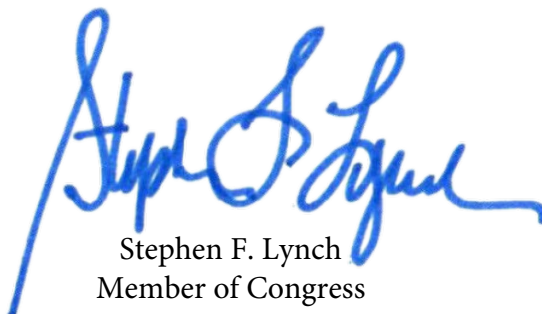

I am requesting Community Project Funding for the Brockton Downtown One Way Street Conversion, Brockton, Plymouth County, MA, 8th District project for Fiscal Year 2027. The entity to receive funding for this project is the City of Brockton, located at 45 School Street, Brockton, MA, 02301.

The funding will be used to support a larger project to convert high-traffic-volume roads in Brockton's Downtown Area from one way to Two Way streets, with a main priority being Brockton's Main Street. The requested funding would be used towards purchasing and installing Signalized Intersections/Traffic Lights in the areas that would be upgraded to Two-Way streets, thereby improving safety and road infrastructure. for pedestrians, bikes, and motorized vehicles. This project not only seeks to improve road infrastructure to ensure safety for residents and visitors, but to generate economic growth through a centralized, walkable, and accessible Downtown area, leading to improvements in community access and livability.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 23 U.S.C. 133 (Surface Transportation Block Grant Program).

I certify that I have no financial interest in this project, nor does anyone in my immediate family.

Sincerely,

Stephen F. Lynch
Member of Congress
