The Honorable Tom Cole
Chairman
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

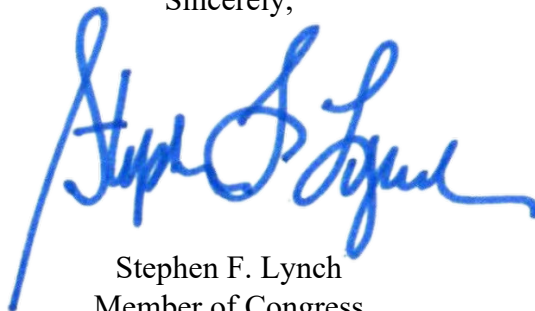

I am requesting Community Project Funding for the North Bedford Street Pedestrian Crossing Signals, East Bridgewater, MA, 8th District project for Fiscal Year 2027. The entity to receive funding for this project is the Town of East Bridgewater, located at 175 Central Street, East Bridgewater, MA, 02333.

The funding will be used for the installation of pedestrian crossing signals at the crosswalk on North Bedford Street in East Bridgewater between the East Bridgewater Public Library and the East Bridgewater Housing Authority. Adults and children use this crosswalk to get to the Library and the commercial establishments near the intersection of West Union, Union, and North Central Streets and, in the other direction, to get to the three schools, the Town Hall, and the Housing Authority, all located east of Route 18 along with the stores and restaurants on the east side of Route 18. Currently, pedestrians are at a significant disadvantage when trying to cross due to the changes in elevation near the crosswalk and the relatively fast speed of the vehicles that travel on the road. The signals will improve safety for both pedestrians and motorists along this route.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 23 U.S.C. 133 (Surface Transportation Block Grant Program).

I certify that I have no financial interest in this project, nor does anyone in my immediate family.

Sincerely,

Stephen F. Lynch
Member of Congress
