The Honorable Tom Cole  
Chairman  
House Appropriations Committee  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting Community Project Funding for the Easton Industrial Park Economic Development Infrastructure Initiative for Fiscal Year 2027. The entity to receive funding for this project is the Old Colony Planning Council, located at 70 School Street, Brockton, MA 02301.

The funding would be used to support the engineering, design, and permitting necessary to extend municipal sewer infrastructure from the City of Brockton to the Easton Industrial Park in the Town of Easton. The effort will produce construction-ready plans for approximately 11,000 linear feet of gravity sewer, 6,000 linear feet of force main, and the siting and design of a pump station needed to convey wastewater from the industrial park to Brockton's municipal wastewater system. Completion of this work will position the Town of Easton to advance construction of critical sewer infrastructure that will remove a major barrier to business expansion, enable new industrial development along the Route 24 corridor, and support long-term economic growth in southeastern Massachusetts.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, nor does anyone in my immediate family.

Sincerely,

Stephen F. Lynch  
Member of Congress
