The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting Community Project Funding for the Holbrook Senior and Community Services Center in Fiscal Year 2027. The entity to receive funding for this project is the Town of Holbrook, located at 50 North Franklin Street, Holbrook, MA 02343.

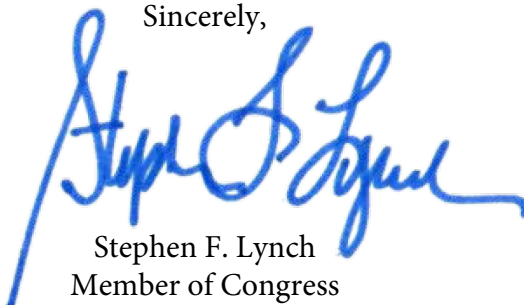

The funding will be used for the demolition of the former John F. Kennedy School, and site preparation and construction of a new municipal community facility that will support essential public services including senior services, food access, wellness programming and community outreach.

The project is an appropriate use of taxpayer funds because Holbrook's Council on Aging is currently operating out of a small converted residential building that severely limits its programming and service delivery capacity. The new facility will allow for a broader range of services and programs to be offered to more seniors. It will also serve as a hub for other community services, including a food pantry, benefits counseling and outreach programs that assist residents with healthcare and social services, and collaborative programming with community partners including the local public library for educational and technology-based learning opportunities.

This project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Stephen F. Lynch  
Member of Congress
