The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

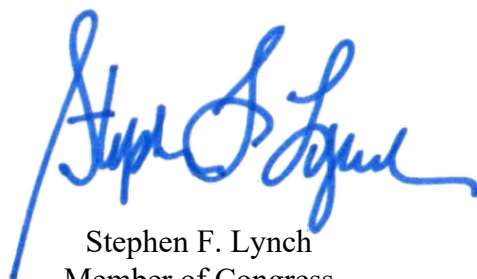

I am requesting Community Project Funding for the Newport Avenue Extension Reconstruction for Fiscal Year 2027. The entity to receive funding for this project is the City of Quincy, located at 1305 Hancock Street, Quincy, MA, 02169.

The funding would be used to support a Phase 1 Safety and Accessibility Improvement Project along Newport Avenue Extension. The funding will be used for engineering and design activities, as well as sidewalk reconstruction and ADA upgrades, crosswalk and pedestrian safety improvements, roadway resurfacing, and lighting improvements. This is part of a larger high-priority project for the City to rebuild the Newport Avenue Extension, a critical local roadway serving major employment centers, state government facilities, and regional transportation connections in the North Quincy neighborhood. Reconstructing Newport Avenue Extension will improve roadway safety, modernize aging infrastructure, enhance pedestrian accessibility, strengthen transportation access, and improve drainage on this vital corridor.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, nor does anyone in my immediate family.

Sincerely,

Stephen F. Lynch  
Member of Congress
