The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting Community Project Funding for the Weymouth Fire Station Rehabilitation project for Fiscal Year 2027. The entity to receive funding for this project is the Town of Weymouth, located at 75 Middle Street, Weymouth, MA, 02189.

The funding would be used for the replacement of the roofs for three fire stations that serve the approximately 60,000 residents of Weymouth. The roof replacement will prevent water intrusion and structural deterioration that could compromise emergency operations, equipment storage, and firefighter readiness. The proposed project ensures that first responders can continue to provide rapid and reliable emergency services that protect life, property, and economic activity throughout the town. Additionally, the project directly benefits the firefighters and emergency personnel who operate out of the stations by providing a safe and functional work environment that supports their ability to respond to emergencies efficiently.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, nor does anyone in my immediate family.

Sincerely,

Stephen F. Lynch
Member of Congress
